Systems

Phoenix Gold Innovative Home and **Audiosource** have combine forces, bringing together more than 40 years of experience in consumer electronics to form a new company, **Phoenix Gold Home Products**. The Innovative Home Division features acoustics, audio/video cabling, an both passive and active electronics. The Audiosource Division continues to offer a full electronics line, including modular components, and an expanded acoustics assortment consisting of in-wall, in-ceiling, and indoor/outdoor speakers, plus subwoofers. The goal of **Phoenix Gold Home Products** is to provide both performance and value to the consumer, while continuing to support the custom installer.
